Hi All,

Wanted to share this letter we received from the cities of St. Louis Park and Edina. They reiterated to our Commissioner that they are supportive of the NPL listing with the potential source areas and impacted wells identified.

I would assume this type of letter was also sent to the EPA, but wanted to make sure you saw the version sent to the State.

Asst. Commissioner Koudelka is meeting with the Commissioner today to discuss the EPA's request for concurrence. We will provide an update for you all after his meeting.

Appreciate the willingness to continue working with the cities on communications.

Have a good Thursday!

Transmitted on behalf of Charles Nauen and David Zoll:

Commissioner Bishop,

We represent the cities of St. Louis Park and Edina with respect to proposed listing of the Highway 100/CSAH 3 Groundwater Site on the National Priorities List.

We met last week with Assistant Commissioner Kirk Koudelka and other MPCA staff together with senior staff from EPA Region 5 to discuss the proposed listing, including how the site would be depicted in the materials supporting the listing. We appreciate your staff scheduling the meeting on short notice and their willingness to engage in a constructive dialogue and consider the cities' perspectives on the proposed listing. As a follow-up to that meeting, please find the attached letter from St. Louis Park Mayor Jake Spano and Edina Mayor Jim Hovland.

Please feel free to contact us with any questions.

Thank you.
